

Strengths Selector

Capp's five steps to strengths-based recruitment

Strengths Selector can be implemented end-to-end across your recruitment process, or just focused on the key areas you want to improve.

Strengths Selector ensures strengths-based recruitment links seamlessly with your attraction campaigns and on-boarding activities.

Strengths Selector is the five steps to strengths-based recruitment and includes:

Attract the best talent from the word go using our strengths-based adverts, online attraction tools and campus games, for candidate engagement from the outset.

Use our expertise as world leaders in strengths assessment to benefit from valid and effective high volume online candidate sifting, using our state-of-the-art technology.

The strengths-based interview gives both candidates and assessors the nirvana of interviews – a worthwhile, real and insightful experience. Delivered by video (powered by Sonru), telephone and face-to-face.

Our innovative exercises transform your traditional assessment centre into a 'day in the life' experience that delivers real candidate insight for robust selection decisions.

Make your chosen candidates feel as special as they are with our suite of strengths-based on-boarding initiatives, including Realise2 for talent management through aligning strengths to objectives.
